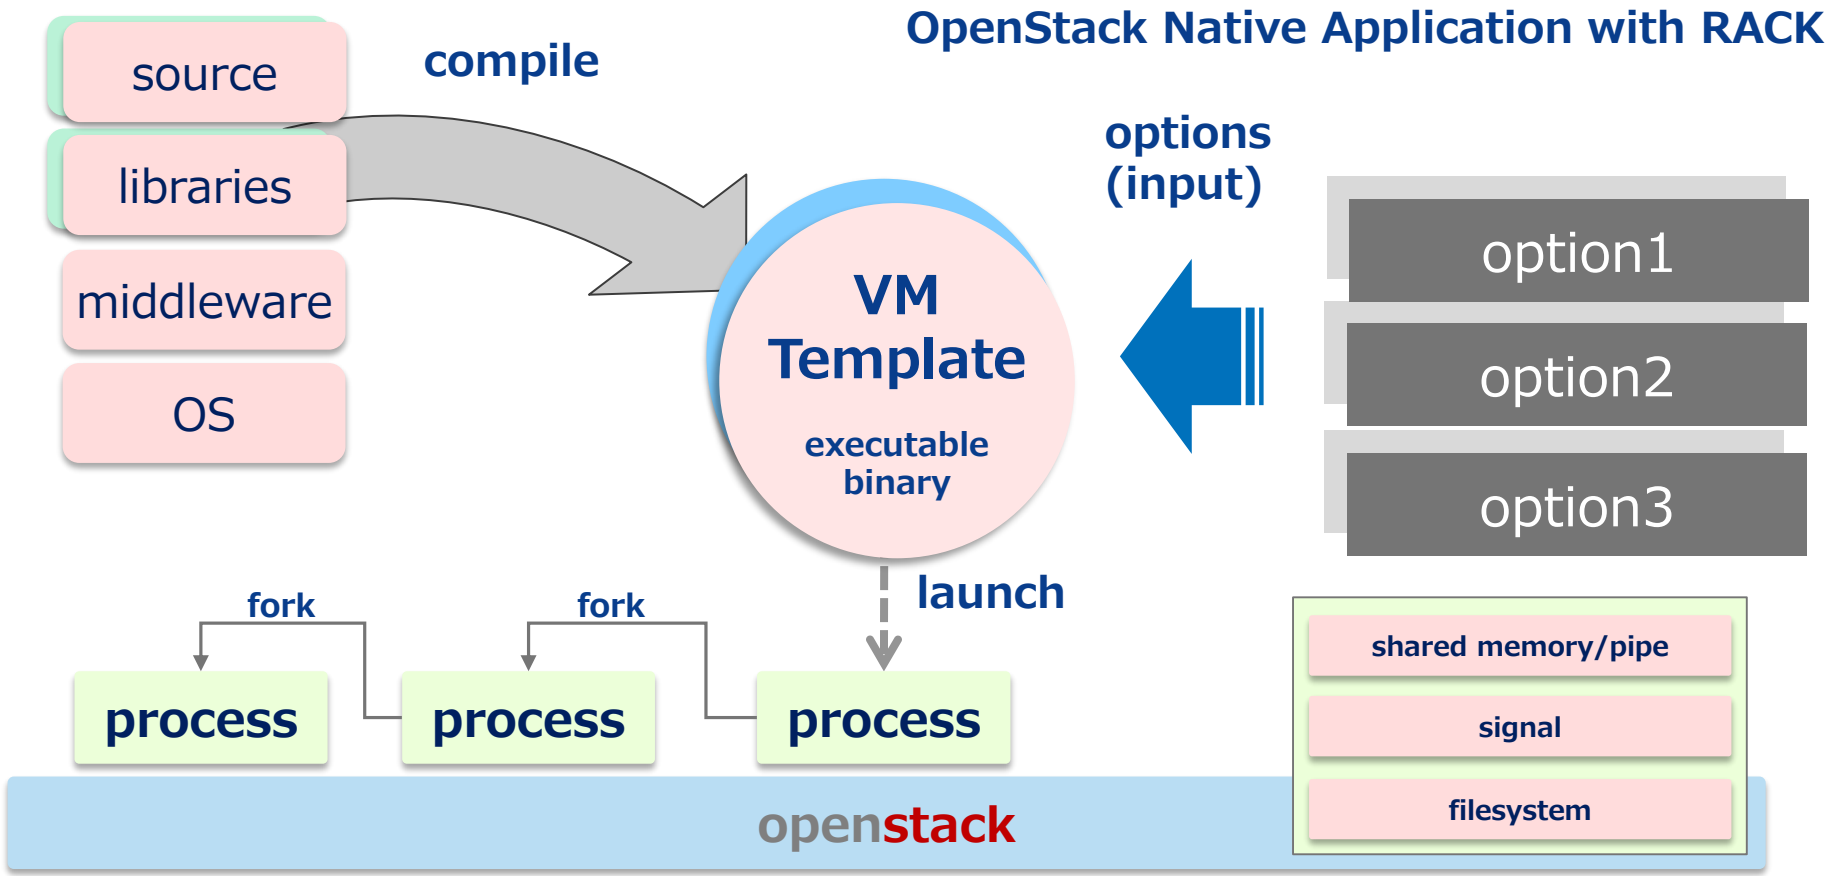
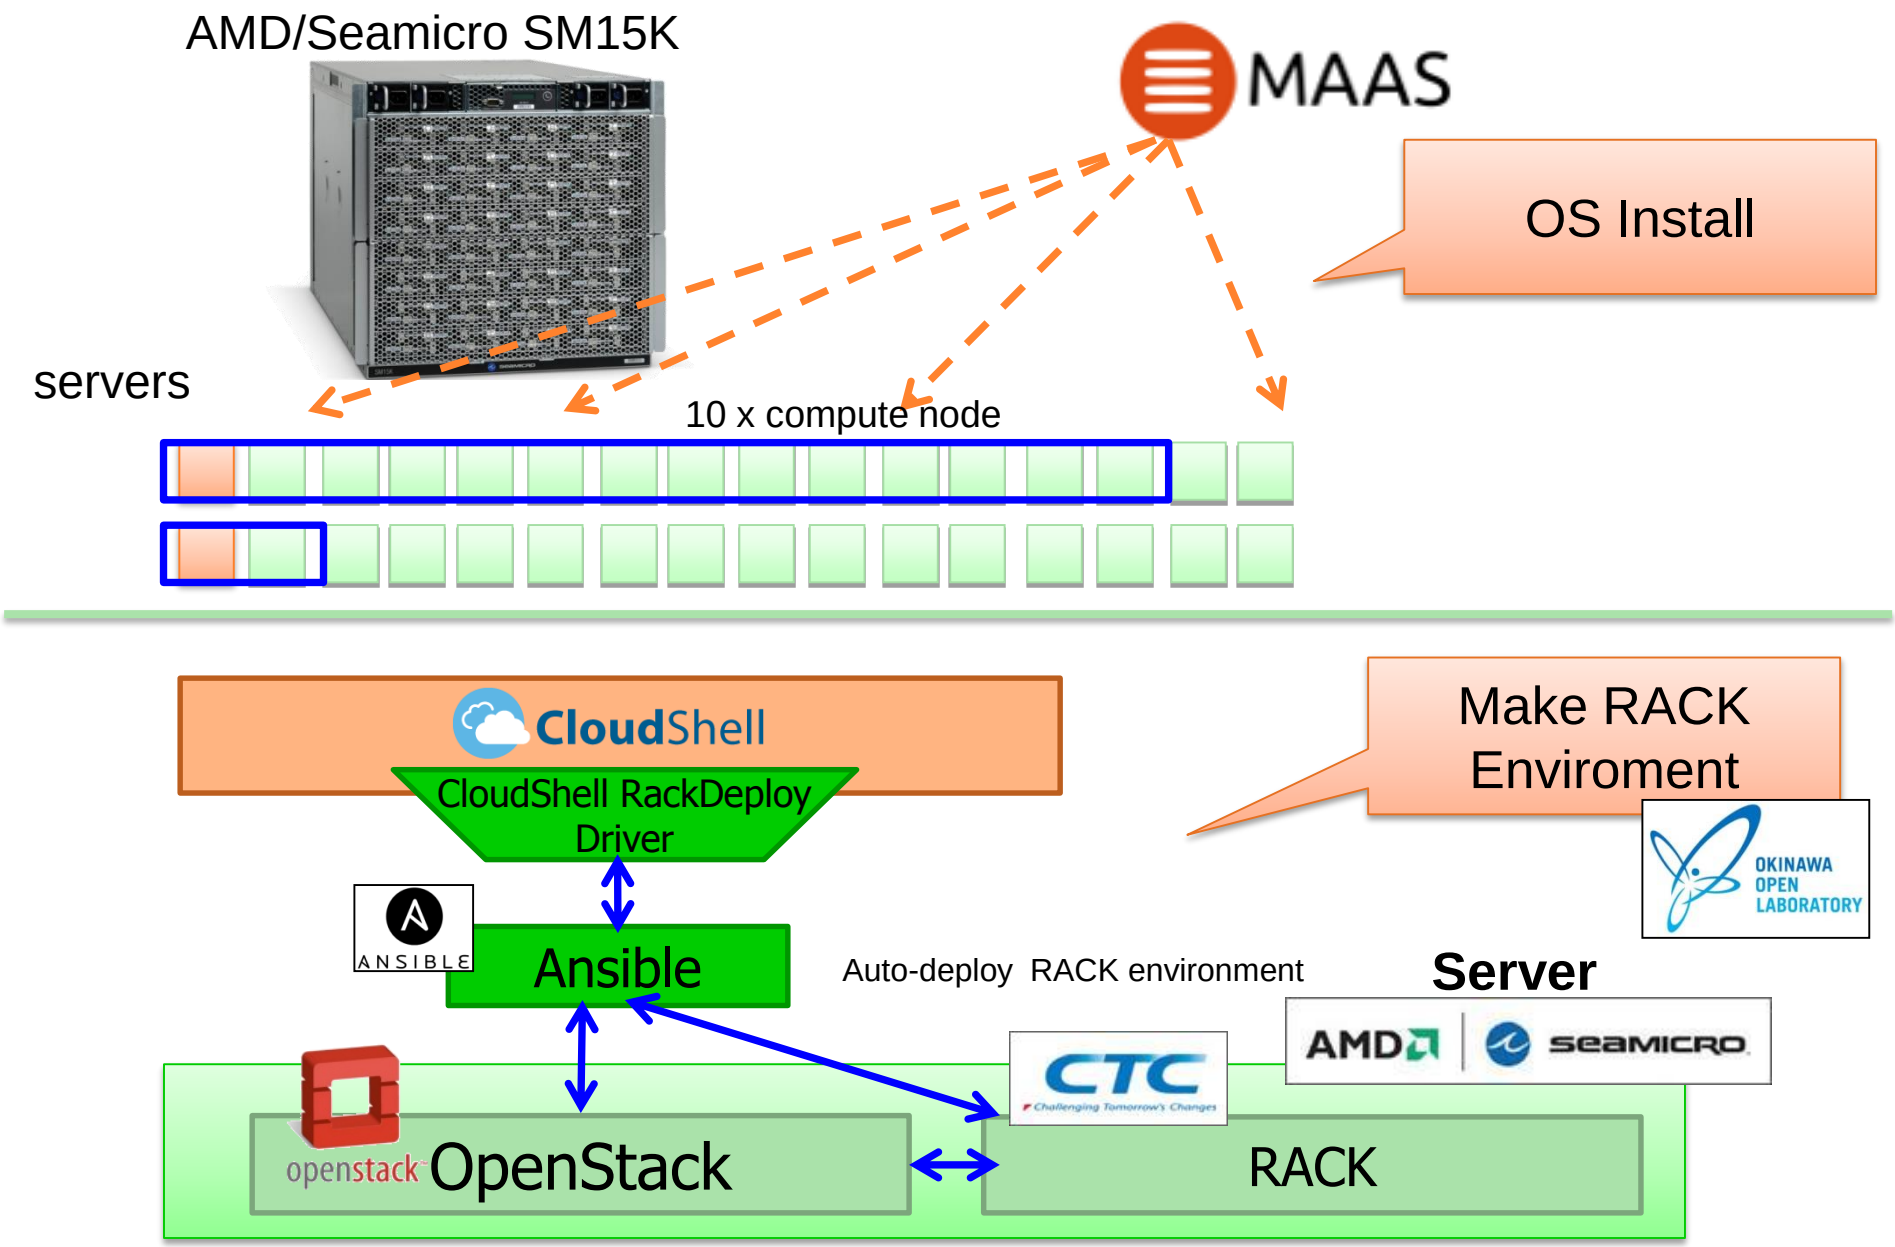
The Concept of RACK

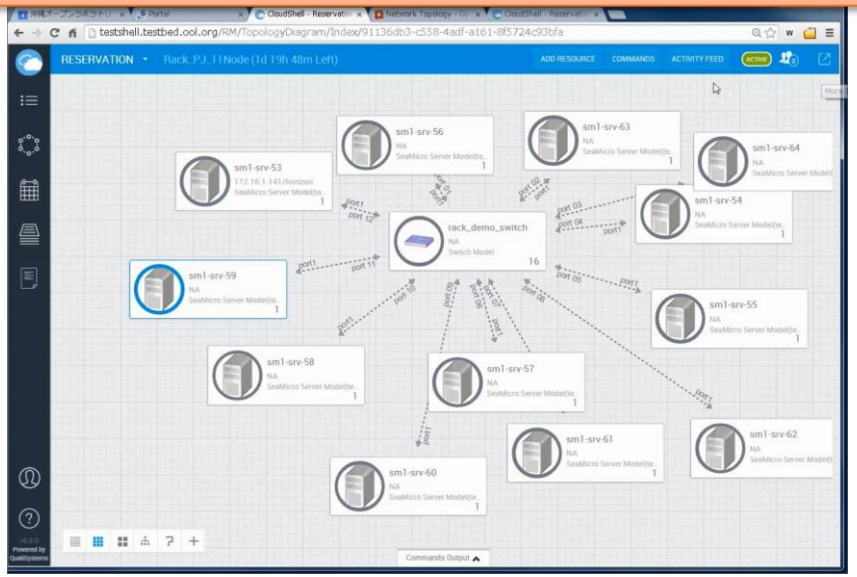


RACK Test Suite Environment

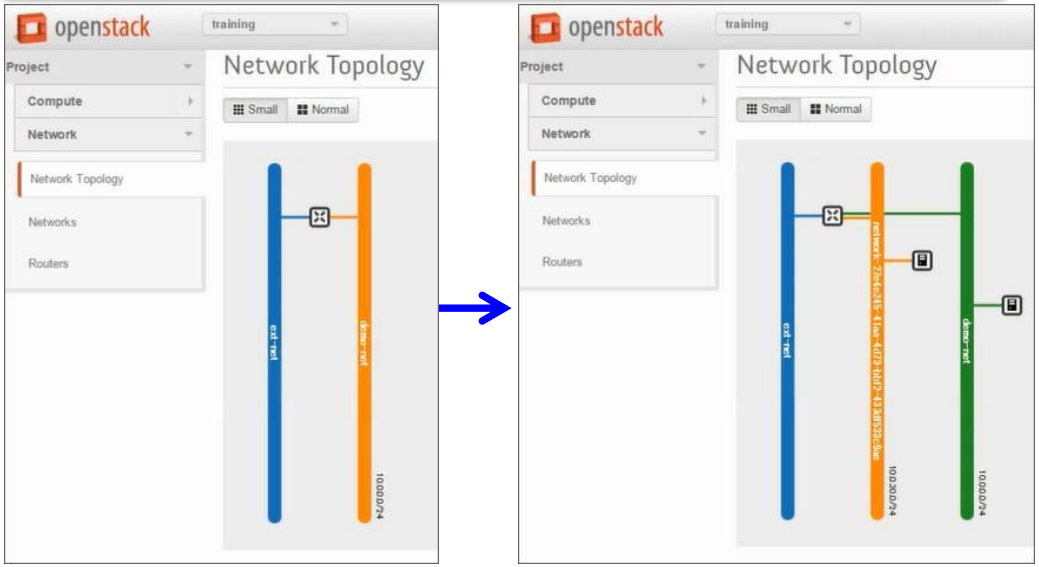


RACK Test Suite

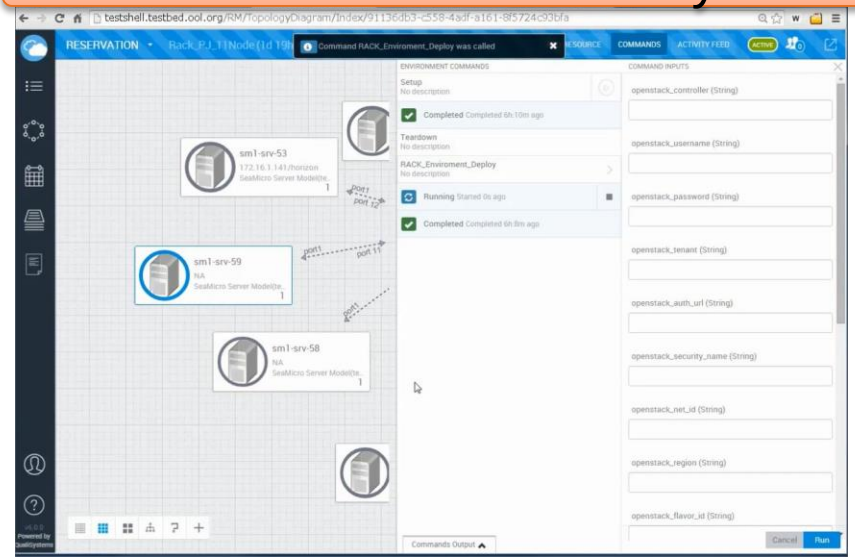
1.CloudShell Enviroment



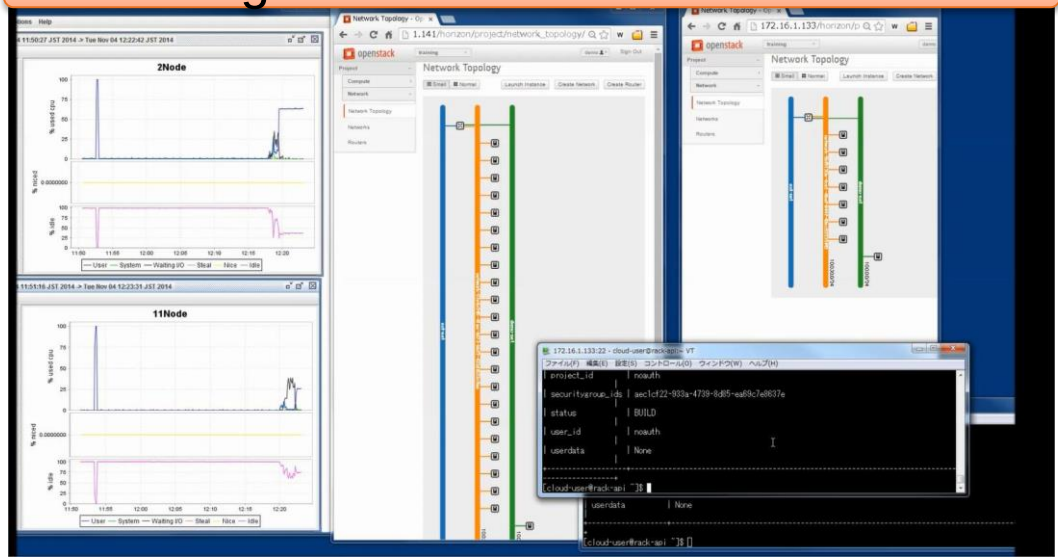
3.RACK Enviroment



2.Make RACK Enviroment by CloudShell



4.Running RACK



RACK Development UI

1.push! 2.build! 3.Load&Run!

Developer

push → Source

Git Hub

pull → Your APP

Application Builder

Load → Your Image

Application Runner

Run → Result

RACK Applications List

+Create Application

Application Name	Image Id	Built Date	Status	Operation
Monte carlo	F13878498-3132	2014/11/28:13:14:51	Building	Edit More▼
Twitter	7eqw08eq-12344	2014/11/23:11:14:51	Built	Edit More▼
Pipe test	789w08eq-1234	2014/11/23:11:14:51	ready	Edit More▼
